Dear Tony,

Yesterday I saw the Bishop at his house in Obregón. He asked if it would not be possible for the MAP to pay the rest of the money for our Monastery. He said the Diocese funds are in debt at the Unibank - here in Obregón, because of the Cathedral. I said that MAP was disposed to comply as soon as the legal part of it could be arranged.

About the organ, he said it should be large, but not so large as to be the concert type. Big enough for Church services. Hammond.

In Mary's Heart,

Fr. Charles Carpenter
